PROJECT DESCRIPTION

The Maison de l'Europe de Tours Centre Val de Loire is an apolitical organization created in 1987, aimed to inform the citizens about the actions of the European Union and spread the European cultures. We intervene on many levels through the organization of conferences, debates, projections and different types of events as the Day of Europe. The public can find in our offices an information and documentation centre, as well as other pedagogic tools available for rental. We are also developing a specific project to promote and facilitate the mobility through the European volunteering. A part of the project is also dedicated to young from disadvantaged area, helping them to find a volunteering.

Volunteer's missions:

- Organisation and animation of workshops/events on different themes on Europe and the European Union: intercultural evenings, presentation of my country/culture etc...
- To guide a group of volunteers in the intercultural events' organisation

- Front office activity to the general public and EVS: As our association is also a sending organization for EVS volunteers, one of your missions will be to inform young people about EVS.
- To contribute to the mobility project : help young people to find and apply to a volunteering during the workshops ; help to organise a group volunteering
- To help us to find new partners for our events or our projects.
- Creation of panels on specific themes and/or pedagogic tools.
- Information and promotion about mobility: The volunteer will have to visit different schools, training centres, etc... to promote the EVS and speak about its experience.
- Organization of the Europe Day: every year we organize a big scaled event in a city park to celebrate the Europe Day (The volunteer will participate to the logistic organization, to the content...)
